Connect to Wireless on Windows 7 or Later

Click on the Wireless Icon in the lower right corner of the desktop near the clock:

Select “eduroam” from the list of available networks and click “CONNECT”

*BE SURE TO USE eduroam, NOT UMW-GUEST. NETWORK SPEEDS DIFFER DRAMATICALLY*

Click “CONNECT” on security alert if prompted

When prompted, enter your UMW email address and password.

*If you see another security warning, click “CONNECT” or “OK”*

You’re now connected to the eduroam network
