

Geyser Public Schools is seeking applicants for a full-time Science teaching position starting in August of 2018. Applicants should have a Broadfield Science endorsement or the ability to obtain.

Geyser offers small class sizes, usually ranging from 1-6 students per class.

We have a very supportive Board and community, and operate on a 4-day school week during the winter months.

Geyser is a member of M.U.S.T. for our BC/BS health plan. We are located 45 miles east of Great Falls for shopping, movies, etc. We are a short drive from Showdown Ski Area, and Geysers has good hunting, fishing, and hiking areas. We have extremely low-cost teacher housing for staff if they so choose and participation in student loan forgiveness is available. Our staff is fun and works well together. If interested, please send a letter of application, resume, and copies of pertinent teaching certificates to:

Dale Bernard, Supt.
