JOB DESCRIPTION FORM

Position: Macintosh Computer Lab Assistant

Department: Multiple departments - but submitted by ENVS

Supervisor: Eric Dyreson
Pay Range: $8.05-995, depending on experience

Description: Student assists in supervising use of the Macintosh Lab computers, working with Tom Satterly. This includes general monitoring of Mac Lab, helping clean up computers at the end of each block, adding or deleting software, being present to answer student questions about computer use, and occasionally assisting with classes using the computers. We will need two work-study positions for the fall/spring of 2014/15.
