Science Teacher Job Posting

Job Description
Reed Point School District 9-9 is now accepting applications for the 2015-2016 school year for the a full time science teaching position, grades 7-12. The courses currently taught are Life Science, Physical Science, Earth Science, Biology, and Advanced Biology. Physics and Chemistry are offered on alternate years. The Advanced Biology class can be changed to suit the strengths and interests of the teacher.

Responsible for all core classroom teaching; developing lesson plans and instructional materials; effective classroom management; supervision of students during the school day and various activities; knowledge and understanding of Next Generation Science Standards.

The district is very technology oriented with computers and tablets available to students whenever needed. Google Apps for education are strongly utilized.

Academic Qualifications
Applicant must be able to meet the qualifications for appropriate Montana Certification and Endorsement. Class 5 licenses will be considered.

Supplemental Information
Coaches positions may be available.

If you are interested in applying, four things are needed:
1) Cover Letter
2) District or OPI Application (http://www.reedpoint.k12.mt.us/index.php/administration/employment)
3) Resume
4) Three Letters of Reference

Coaching positions may also be available.

Our group of teachers have the privilege of working in a very cohesive and collaborative environment. Each month we take one day to collaborate together to help improve our instruction. We are looking for a relationship driven teacher with a passion to educate students in the sciences. We are a small town with a very supportive community. Reed Point is centrally located between Billings and Bozeman right off of the interstate, rural yet close to all the conveniences.

The western-most Stillwater County community of Reed Point is likely one of the smallest towns along I-90 and the Yellowstone River. The picturesque setting gives it a feeling of serenity, peacefulness and quiet. Access to the Yellowstone River is at the Indian Fort Fishing Access north of town. With a boat ramp and campground, it’s a haven for fishermen, river floaters or just a great spot for a leisurely swim. Reed Point is a stop on the annual Yellowstone River Boat Float.
