

Maintenance Worker

Appointment type

Temporary - This is a temporary appointment not to exceed 1039 hours (6 months). Appointments typically occur between April and October, but may vary.

Duties

- Conducts routine annual maintenance of recreation and administrative sites including cleaning of recreation facilities, making routine ongoing repairs to recreation facilities, and performing routine site landscaping work.
- Performs corrective maintenance for buildings and facilities (HVAC, carpentry, painting), reporting additional needed actions to supervisors.
- Assists with construction and installation of facilities at recreation sites (e.g., construction of group shelters and toilet structures, picnic and camping facilities, and trailheads and parking areas).
- Operates various types of equipment in performing construction and maintenance (e.g., 4x4 pickups, medium-sized forklifts, skid-steers, and tractors with attachments).
- May provide assistance to higher grade staff for the maintenance and operation of public drinking water systems and solar systems at administrative and recreation sites.
