JOB POSITION – Beekeeper

PRIMARY LOCATION- Columbus, MT

AVAILABLE – May 1, 2021

If you enjoy the outdoors, have a passion for agriculture & taking care of a unique part of livestock then a career in Beekeeping might be just for you. You will be a part of a company that cares for 8000 hives of honeybees. Sunshine Apiary, Inc. has been in business for over 40 years and started with one hive of bees as a 4-H project.

You will learn how to identify each part of a hive and care for the hives health.

You will provide feed and medication treatments.

You will introduce queens into hives and build new hives.

You will manage hives for a honey & pollen flows in Montana.

You will help remove the honey from hives and extract the honey.

You will help ship the honey to wholesale honey packers.

You will help build and maintain fences for the protection of honeybees from bears.

You will prepare hives for winter and transportation to CA for almond pollination.

You will care for hives during pollination and remove them from the orchards.

You will help manage the hives after pollination and make up new colonies of bees.

You will prepare hives for transportation to WA for fruit pollination.

All of this will be done while always caring for the health of the hive.

You will build and repair equipment for the bees.

You must be able to have a clean drug test and be available for random testing. You need a valid driver's license. A CDL is helpful but not necessary. You must be self-motivated and willing and able to work with others and be part of a team. Heavy lifting is involved. Wage & benefits.
