AQHA# 4264170  2002 Palomino Stallion

Date of Birth: May 11, 2002  
Donated by Weaver Quarter Horses

We have two vials of Perkster semen available for auction. PERKSTER was an extremely well-built and heavy-boned palomino stallion that is five panel N/N. His style and conformation, pedigree, ability to breed color, and calm, easy-going manner made him a favorite Weaver Stallion. Perkster colts are easy to halter break and make all-around great saddle horses. He is a recognized sire of rodeo and ranch horses, and is a great prospect to add to a breeding line. He has sired the top selling weanlings at the Weaver Sale four times and our sale twice! Perkster offspring are eligible for the Riata Buckle Series.
"The Look" is important to SITZ Angus. They want bulls to be stout made, wide bodied, loaded with muscle, have body length, big testicles and good feet. They want females to have good udders, be deep bodied, broody and feminine. At SITZ Angus, every breeding and management decision is based on the core principles of producing Seedstock genetically programmed to be profitable in every segment of the industry. These core principles instilled 95 years ago have been carried out along the way by 4 generations of SITZ family. SITZ Angus has earned the reputation of producing genetics that will excel downstream in the industry, throughout the Feeding Sector and on the Rail - rapid growth, desirable feed conversions and a carcass that earns premiums not discounts. Don't miss out on this opportunity to bring the desirable SITZ cattle genetics into your herd.

AQHA Ranch Heritage Breeders are working cattle ranches that produce five or more registered American Quarter Horses each year for ranch work. AQHA Ranch Heritage Breeders should embody the longevity, integrity and honesty of the ranching tradition. Ranching Heritage Breeders breed and raise ranch-type horses, which remain at the core of the American Quarter Horse Association and epitomizes the breed’s versatility. To be recognized as a Ranching Heritage Breeder, breeders must meet the following criteria:

AQHA Ranching Heritage Challenges are open to any horse bred by an AQHA Ranch Heritage Breeder. Anyone who owns an eligible horse can compete in one of the multiple age and skill level divisions offered for both horse and rider, as well as a variety of classes.

Weaver Quarter Horses was nominated by their fellow AQHA Ranch Heritage Breeders to be the 2020 Breeder of the Year Award Winner. Congratulations to Stan and Nancy Weaver.

The Riata Buckle Series

The rodeo world has enjoyed the Pink and Ruby buckles and this year there is a new rope horse version: The Riata Buckle. Brought to you from the same producers of the Pink and Ruby Buckles, the Riata Buckle is a roping incentive program that stallion owners pay into. All offspring of the studs paid into the incentive program will be eligible for the lucrative $2 million Riata Buckle Futurity in November 2022 at the Lazy E Arena. Like the Pink and Ruby Buckles, the Riata Buckle will offer an exclusive, stallion-owned only horse sale.

“To Be A Better Horseman” Award

In Memory of Chad Holland

The award “To Be a Better Horseman” is in memory of Chad Holland.

Chad believed that being a good horseman was an important factor in the communication between the person and a horse. He believed in the importance of giving the horse a good experience the first-time you interacted with them, gaining their trust and confidence. It was all about making a better world for horse and man. Chad was a contributing individual in bringing Ray Hunt horse breaking methods to this country. Ray Hunt held nine clinics at the Holland Ranch ranging from colt starting to horsemanship classes. All clinics were filled with participants.

Chad believed that whether you were in the rodeo arena, show world, breaking a colt or working cattle on the ranch horseback, you need to communicate with your horse and understand the feel the horse is giving you. As a horseman himself, he roped with the best, showed several AQHA Champions and spent countless hours horseback on the ranch.
Thank you Bank of Commerce for sponsoring “To Be a Better Horseman” award.

The Montana Center for Horsemanship would like to thank everyone for their support in completing Phase I construction. We are currently raising funds for Phase II.

The Montana Center for Horsemanship is the first and only educational equine center in the United States to focus exclusively on “Natural Horsemanship”—a philosophy that’s based on understanding horse behavior, and bridging the gap between natural and conventional training to provide a stronger, more rewarding foundation for riding, working, and interacting.

Thanks to a unique partnership between MCH and the University of Montana Western, professional and amateur horsemen and horsewomen are brought together to improve and expand horsemanship in the broadest sense of the word.
MCH is guided by several fundamental objectives: to help individuals achieve personal and professional success in the equine industry; to enable horses to learn more effectively and find more “horse happiness” through a specialized program; to energize the community as a whole; and to perpetuate a fundamental tradition of the American West.
