

CONSERVATION INTERN

MCC's Conservation Intern (CI) program makes a measurable difference in conservation efforts while strengthening the experience of young adults. CIs serve at partnering federal/state agencies, nonprofits, tribal offices, and other community-based conservation organizations across the region. The three-month AmeriCorps term of service extends from May - August and members gain insight into natural resource-related fieldwork throughout Montana, Idaho, Wyoming, and the Dakotas.

The MCC Conservation Intern works under the supervision of Montana Conservation Corps staff and host site supervisors to complete MCC and partner projects. Primary responsibilities of the position will be determined by individual host sites in collaboration with MCC, and will include assuring the successful completion of natural resource projects, delivery of MCC program components, and maintaining a positive working relationship with host sites, MCC, and the public. Conservation Interns are required to participate in all elements of the MCC program to the best of their ability, meet AmeriCorps requirements, and be enrolled as an AmeriCorps member for the duration of the program. Conservation Interns are responsible for keeping host site supervisors and MCC staff informed through bi-weekly paperwork.

MCC seeks to provide access and opportunity to a diverse group of staff and participants, while continuing to identify and reduce barriers to being involved in our organization and programs. We encourage applicants of all backgrounds to apply.

While this position description describes the general nature and level of work being performed by people assigned to this position, it is not an exhaustive list of all responsibilities, duties, and skills required. All Montana Conservation Corps positions may be required to perform duties outside of their normal responsibilities.

APPLICATION DEADLINE IS FEBRUARY 13TH
