

## Majors and Occupations

<https://mtcis.intocareers.org/ViewHtml.aspx?File=materials/careerfields/careerfields.htm>

Use **MCIS** to find careers related to different career fields.

From the link:

## Career Fields

This diagram is a visual map of the "Career Field" model to help you understand how curriculum relates to the career opportunities from which students will choose, and for which schools must prepare them.

You can click on the areas of the diagram to learn more about each career field and the corresponding clusters and pathways.

<https://www.onetonline.org/>

Use **O\*Net** to find out about occupations, salary information and more.

### **What can I do with my Major?**

<https://careercenter.utsa.edu/resources/what-can-i-do-with-my-major/>

Explore what you can do with any one of 100 majors.

Follow the link; when you get there click on
